

BRECK

WELCOME TO BRECK! Breck is comprised of 5 distinct peaks. each with their own unique characteristics and features! Explore around the mountain and find one that fits you the best!

PEAK 10 PEAK

The Falcon SuperChair provides access to some of Breck's most thrilling terrain. Completely comprised of expert-only terrain, skiers and riders will find fantastic views, steep runs and wicked mogul fields in abundance across this peak.

One of the best places to learn to ski or ride in the Western Hemisphere, Peak 9 offers tons of beginner terrain and wide open runs. It's also home to Breck's EpicMix Race course!

PEAK 8 The geographical center of Breck, Peak 8 features something for everyone, from the legendary Freeway and Park Lane terrain parks, to the highest lift in North America (Imperial Express), to great beginner and intermediate terrain.

An intermediate skier's paradise, Peak 7 features gently rolling terrain that winds through the forest, and featuring numerous blue trails for you to choose your own adventure.

PEAK 6 - NEW THIS YEAR!

PEAK

Peak 6 is the newest and biggest ski resort terrain expansion in over a decade. Featuring Breck's first above-treeline blue terrain, not only is it a great experience for intermediate skiers & riders, Peak 6 also features some of the resort's most extreme terrain for experts!

what we believe "Our resorts are located in iconic and natural settings which means we have a special obligation and opportunity to care for the environment." - Rob Katz, Vail Resorts CEO

Sustainability means perpetuating the superior quality of the guest experience, rooted in the strength and success of our Company and our employees, preservation and care of our community, and stewardship of the spectacular environment that surrounds our resorts..indefinitely.

We invite our employees, guests, shareholders and the greater community to join us in our efforts to protect and celebrate the natural environment and to sustain all of our resources for future generations.

Award-Winning Environmental Programs

CONDÉ NAST TRAVELER WORLD SAVER AWARD, 2008 NATIONAL SKI AREAS ASSOCIATION SILVER EAGLE AWARD FOR WATER CONSERVATION, 2008

GOLD LEADER IN COLORADO'S ENVIRONMENTAL LEADER PROGRAM

Use Less Energy, Do More for the Environment Vail Resorts has set a new standard in the travel industry by choosing renewable energy credits and focusing on energy conservation with an innovative and aggressive companywide "Energy Layoff" program to reduce our energy use and emissions. As one of the largest corporations to commit to 100% wind power credits in the contry, we purchase approximately 150,000 megawatt hours per year, which is the equivalent of removing 18,000 vehicles from the road.

Appetite for Life - Good Food We launched one of the largest sustainable cuisine programs in the industry, called Appetite for Life, last year to serve you Coleman Natural, hormone free meats and poultry and Horizon Organic dairy products at all of our ormountain restaurants. Then, we expanded the program to our hotels, lodging properties and of Homoutain restaurants. New Hori this season, we added Starbucks organic coffee and fair trade espresso blends to the program while at the same time, eliminated artificial trans-fait from our kitchens it Is all because we believe your Appetite For Life should be fueled at our world-class resorts with "good food (and beverages) on agrand scale."

Caring for Our Forests

National Forest Foundation Vail Resorts and the National Forest Foundation, a non-profit partner of the U.S Forest Service, have partnered to raise almost 31 million for local conservation projects that improve and enhance our forests in and around our resorts. Thanks to donations that are matched by the NFF, we've been able to help local non-profits build traits improve wildle's habitat and improve the overall health of our forests. Please visit the Ticket Office at the base of the mountain for information on how you can help in carding for our rational forests.

Mountain Pine Beetle The mountain pine beetle is affecting the western region of the United States, including Colorado, by attacking older lodgepole pines killing them and turning them brown. Current forest management practices are not able to prevent this natural cycle, but experts predict this will provide a new and different regenerated forest in the future. Vali Resorts is actively engaged with local, state and federal agencies to educate our residents and guests on this pidemic, to protect our communities from fire danger and to help lessen the impact of the pine beetles.

Vail Resorts 360 Our company supports our local communities with approximately 55 million of in-kind and cash donations every year with a special emphasis on the environment, education and youth.

Simplify Your Experience

PEAKS Rewards Program Earn points for when you purchase lift tickets, Snowsports School lessons, and meals on the mountain by joining our free rewards program. Points can then be redeemed for lift ticket and lesson purchases at anyone of our five resorts. For more information, visit any one of our Ticket Offices.

Colorado Mountain Express Let our friendly drivers transport you to and from Denver International or Eagle County Airports in shared ride shuttles or private cars. Our unsurpased safety record, fieldble schedules, impecably maintained vehicles and courteous staff will get you to the Mountain effortlessly. For more information, call (800) 525 6583. Heads Up—Know the Code, It's Your Responsibility

You are on one of the great ski mountains of the world. But you aren't alone. There are many other skiers and riders here to relish the experience too. Please, respect each other's space, act responsibly, and watch your relative space. Check the daily grooming report for monitored runs, and don't hesitate to talk to our staff in the red and yellow jackets. The mountain is waiting.

Your Besponshillty Code vall Mountain is committed to promoting skier safety. In addition to people using traditional algine ski equipment, you may be joined on the slopes by snowboarders, telemark skiers or cross-country skiers, skiers with disabilities, skiers with specialized equipment and others. Always show courters to others and be aware that there are elements of risk in skiing and snowboarding that common sense and personal awareness can help reduce. Know your ability level and stay within it. Observe "Your Responsibility Code" listed below and share with other skiers the responsibility for a great skiing experience.

ALWAYS STAY IN CONTROL, AND BE ABLE TO STOP OR AVOID OTHER PEOPLE OR OBJECTS.
 PEOPLE AHEAD OF YOU HAVE THE RIGHT OF WAY. IT IS YOUR RESPONSIBILITY TO AVOID THEM
 YOU MUST NOT STOP WHERE YOU OBSTRUCT A TRAIL, OR ARE NOT VISIBLE FROM ABOVE.

 WHENEVER STARTING DOWNHILL OR MERGING INTO A TRAIL, LOOK UPHILL AND YIELD TO OTHERS.
 S AUMAYS USE DEVICES TO A THE P DEVICENT TAMANAN FOLIDIMENT

OBSERVE ALL POSTED SIGNS AND WARNINGS. KEEP OFF CLOSED TRAILS AND OUT OF CLOSED AREAS.
 PRIOR TO USING ANY LIFT, YOU MUST HAVE THE ABILITY TO LOAD, RIDE AND UNLOAD SAFELY.

Be advised that Vail Mountain does not mark all potential obstacles or hazards. When marked, poles, flags, fencing, signage, padding or other forms of marking are used to inform the skiet/rider of the location of a potential lostacle or hazard. These markers are no guarantee of your safety. It is part of your responsibility under the Your Responsibility Code and the Colorado Ski Safety Art to avoid all obstacles and hazards.

Colorado Ski Safety Act The Colorado legislature, recognizing risks that are inherent in the sport, has passed the Colorado Ski Safety Act which provides inherent risks of the sport and relative responsibilities of the "skie" and the ski area. You must obey the Act. Under the Act, any person using the facilities of a ski area is considered a skier. A summary of the inherent risks is listed below:

WARNING

Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing, including changing weather conditions, existing and changing sonve conditions bear posts; crocks stumps; trees, collisions with natural objects, man-made objects, or other skiers; variations in terrain; and the lailure of skires to ski within their own abilities.

Extreme Terrain contains cliffs, very steep slopes as well as rocks and her hazards. Skillo or boarding Extreme Terrain is for EXPERTS ONLY. Extreme Terrain Freestyle Terrain Areas are designated with an orange eval and may contain jmps, filts, ramps, shanks, fun boxes, jibc, raing, shanks, fun baxes, jibc, ramps, shanks, fun boxes, jibc, ramps, shanks, shanks, jibc, ramps, jibc, ramps, shanks, jibc, ramps, jibc, ramps, shanks, jibc, ramps, j

Freestyle Terrain has designations for size. Start small and work your way up. Designations are relative to this ski area.

Make a Plan Every time you use Freestyle Terrain, make a plan for each feature you want to use. Your speed, approach and takeoff will directly affect your maneuver and landing.

Look Before You Leap You are responsible for inspecting Freestyle Terrain before initial use and throughout the day. The features vary in size and change constantly due to snow conditions, weather, usage, grooming and time of day. Do not jump blindly. Use a spotter when necessary.

Easy Style It Always ride or ski in control and within your ability level. Do not attempt Freestyle Terrain unless you have sufficient ability and experience to do so safely. You control the degree of difficulty you will encounter in using Freestyle Terrain, both on the ground and in the air.

Respect Gets Respect Respect Freestyle Terrain and others. Only one person on a feature at a time. Wait your turn and call your start. Always Clear the landing area quickly. Respect all signs and do not enter Freestyle Terrain or use features when closed.

Electronic Devices Vail Mountain discourages the use of electronic devices—cell phones, music players, or earphones—while skiing and snowboarding, or loading and unloading lifts.

Lift Safety Under Colorado law, you cannot board alifu unless you have sufficient physical dexterity, ability and knowledge to negotiate or to use such lift safety or until you have asked for and received information sufficient to enable you to use the lift safety. You may not use a lift or any ski trail when under the influence of drugs or alcohol.

Caution Snowcats, snowmobiles and snowmaking may be encountered at any time

Slow Zones Certain areas (indicated on the map in yellow) are designated as SLOW ZONES. Please observe the posted slow areas by maintaining a speed no faster than the general flow of traffic Space and speed are especially important in these areas. Fast and aggressive skiing will not be tolerated.

Helmet Use Vail Mountain encourages our guests to educate themselves on the benefits and limitations of winter sports helmets. Regardless of whether or not you choose to wear a helmet, every winter sport participant shares responsibility for his or her safety and for that of others using the ski area facilities.

Backcountry Warning Pursuant to the Colorado Ski Safey Act, the ski area assumes no responsibility for skiers going beyond the ski area boundary. To access the backcountry, use designated gates only. Areas beyond the ski area boundary are not patrolled or maintained. Avalanches, unmarked obstacles and other natural hazards exist. Be aware: the backcountry avalanche hazard nay be extreme. Rescue in the backcountry, if available, is the responsibility of the Eagle County Sheriff. It will be costly and may take time.

High-Altitude Environment Some visitors may experience symptoms associated with Vail Mountain's high altitude. Symptoms may include headaches, nausea, loss of appetite, restless sleep, coughing and difficulty in breathing. If symptoms persist or if you have a concern about your health, you should seek medical attention.

Skiers should be advised that a green circle, blue square or black diamond at Keystone is not necessarily the same as a green circle, blue square or black diamond at other resorts. The system is a relative rating of trails at each resort and does not compare trail difficulty between resorts. Skiers and riders should begin with the easiest terrain and then move up in difficulty as their ability permits in order to understand the relative rating at Keystone.
